

The figure is a histogram with two panels. The left panel, labeled 'class: Old', shows a single red bar at age 50. The right panel, labeled 'class: Young', shows four red bars at ages 20, 30, 40, and 50. A solid horizontal line across the 'Young' panel indicates a mean age of approximately 35. A dashed horizontal line across both panels indicates a mean age of 50 for the 'Old' class.

Age	Old (Frequency)	Young (Frequency)
20	0	2
30	0	3
40	0	4
50	1	3

class: Young
